

# PET Technology for Packaging Applications

Atlanta

March 15, 2017

7:30 AM - 5:00 PM

CROWNE PLAZA  
ATLANTA PERIMETER AT RAVINIA

4355 Ashford Dunwoody Road  
Atlanta, Georgia 30346

PTI is pleased to announce a one-day training seminar designed to assist plastic package development professionals understand PET packaging and its use in rapidly growing markets.

The PET industry is still growing each year. Thanks to its excellent mechanical and barrier properties and its good recycling capability. PET remains the packaging of choice for new products conversion from other packaging materials.

## THIS ONE-DAY SEMINAR WILL COVER

- PET chemistry and properties
- Injection molding basics
- Package development fundamentals
- Blow molding essentials
- Heat-set applications
- Quality assurance and testing
- Impact of recycling technology

## INSTRUCTORS

**Donald Miller**  
Vice President  
Process & Energy Optimization

**Sumit Mukherjee**  
Director  
CAE and Simulation

**Marcio Amazonas**  
Director  
Latin America
